Patient information sheet:

Thank you for making an appointment to see Dr Paul Campbell. These appointments involve a consultation with Dr Campbell and in most cases, skin prick testing. For this reason, we ask that you allow at least an hour for your appointment.

What to do before your appointment:

For three days before your appointment, please stop taking any antihistamine medication. This includes allergy medications like Zyrtec, Claratyne, Telfast or Phenergan. It also includes over the counter medications for sleeping or medicines that help with the symptoms of Cold or Flu, like Codral or Demazin. Continue to take any asthma medications or other medications prescribed by your doctor as usual.

On the day of your appointment, avoid putting any cream, moisturisers or sun-screen on your forearms (the skin between your wrists and elbows).

Please ensure you bring you Medicare card to your appointment.

What it will cost:

For most patients, the cost of a first appointment is \$395. This cost includes a standard panel of skin prick tests and the consultation that goes along with it. Medicare offers a rebate on this cost of \$108.

In some situations, Dr Campbell suggests an extended panel of skin prick tests, or two standard panels (one for food, and one for environmental allergens). In these situations, the cost of your appointment can increase to up to \$435. For most people the Medicare rebate will increase as well.

Full payment is required at the time of your consultation; we accept payment by Credit card, EFTPOS and cash. We can also process your Medicare rebate at the time of your appointment.

Cancelling your appointment:

If you need to cancel your appointment, we ask that you give us as much notice as possible. Please be aware that repeated cancellations at less than 24hrs notice will incur a cancellation fee.

Finding us in North Lakes:

Our clinic in North Lakes operates from the QML Specialist centre; our rooms are on the first floor. You will find us on the corner of Endeavour Blvd and Sibley St. There is free parking available under our building, which is accessible from Sibley Street. Please feel free to use any of the car park spaces marked QML. There is lift access available.

Please note some car GPS systems struggle with finding '10 Endeavour Blvd'. It can be easiest to set your GPS for the corner of Sibley St and Endeavour (on some systems this will appear as Endeavour Drive).

Map on reverse side of page.

Contacting us:

Please be aware that Dr Campbell offers these Saturday clinics as a way to provide continuity of care to existing patients. We do not have full-time reception staff. Nor do we maintain a full-time telephone service. We offer existing patients our clinic mobile phone number (0492 930 442) Our reception staff have both work and study commitments, so often this phone is set to silent. If you need to contact us, please either send a message to this phone or send us an email via our website. We will be in touch with you as soon as we can.

Where to find us:

QML Specialist Centre
Level 1, 10 Endeavour Boulevard
North Lakes QLD 4509

We look forward to seeing you at your appointment!
